HOUSTON, TX--(Marketwire - 01/25/10) - Bederra Corporation (Pinksheets:[BEDA - News](#)), a Houston, Texas-based diversified medical services provider, has announced the Board of Directors will convene a special meeting to discuss a proposal to buy back a portion of the Company's issued and outstanding common stock.

The company anticipates making several acquisitions that will fit with its stated business plan to be a diversified medical services provider. Management stated that while increased liquidity and visibility of the company's common stock has burgeoned, the price per share in the past week and previous historical lows have made acquisition activity increasingly difficult. Management also maintains the view that the current price per share doesn't adequately reflect the value and long term prospects of the company's businesses. The Board of Directors will convene the meeting to discuss effecting an increase in the price per share to facilitate future mergers and acquisitions activities and enhance overall shareholder value.
