**Press Release** Source: Bederra Corporation On Thursday April 15, 2010, 9:30 am EDT

HOUSTON, TX--(Marketwire - 04/15/10) - Bederra Corporation (Pinksheets:[BEDA - News](#)) management issued a recap of its actions and events this year to date.

The stated business plan of Bederra Corporation is and has been to create a diversified medical services company. It has begun this process with the acquisition of Texas Mobile Health, Inc. (TMH), a mobile diagnostic services provider, and with the recent joint venture signed with Bella Vista Medical Group, Inc.; a stand alone medical clinic. Both actions are complementary and give the company additional revenues by TMH providing services to the joint venture. The company is still looking at additional acquisitions or joint ventures that will increase its current mobile diagnostic services and is actively pursuing home health as a future area of acquisition.

The company addressed shareholder concerns regarding the possible shorting of its stock. The company had mentioned its belief that the stock price was undervalued so it took several steps to increase shareholder value by announcing a share buyback of up to 50% of the float. It engaged the services of Buyins.net as a consultant to advise the company on any possible short positions and strategies to deal with this situation. The company announced recently that it had begun buying back shares.

Management announced that it is attempting to gain a PinkSheet Current Status and to that end is currently in the process of a full review of its financials.

It is the intent of the company to be as transparent as possible and will update current and future shareholders on its actions on a timely basis either through its PRs or in its detailed financial statements.

About Bederra Corp.

<http://www.bederra.com>

Bederra Corporation provides multiple modality diagnostic medical services to the greater Houston area and the world famous Texas Medical Center. The Company's business strategy is to continue to expand its current operations and seek out additional acquisitions that will complement its core offerings.

Under The Private Securities Litigation Reform Act of 1995: The statements in the press release that relate to the company's expectations with regard to the future impact on the company's results from new products and services in development, including any planned acquisitions, are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The results anticipated by any or all of these forward-looking statements might not occur. The Company undertakes no obligation to publicly release the result of any revisions to these forward-looking statements that may be made to reflect events or circumstances after the date hereof, or to reflect the occurrence of unanticipated events or changes in the Company's plans or expectations.
